Dear colleagues,

Warmest greetings from Saint-Petersburg!

You and your students are cordially invited to take part in the 26th Saint Petersburg International Model United Nations conference to be held from March 28th to March 29th, 2022, at the Gymnasium 157 founded by Princess of Oldenburg in 1868 and located in a picturesque center of the city.

SPIMUN is affiliated to The Hague International Model United Nations (www.thimun.org). The structure of SPIMUN in 2022 includes the General Assembly (4 Committees) and the ECOSOC.

The conference is designed for high school students (14 – 19 years old). The official language of SPIMUN is English.

From the very beginning SPIMUN has been an international conference welcoming participants from all over the globe. SPIMUN 2019, the last pre-pandemic conference, brought together 350 delegates and teachers from 13 countries of the world: Belarus, Germany, Greece, Italy, Mexico, Morocco, Palestine, Russia, Saudi Arabia, Spain, Turkey, United Arab Emirates, and the United States of America. This year, as the epidemiological situation remains complicated, we decided to organize our conference in the online format. We hope that the international spirit of SPIMUN will still be preserved, and we will be happy to see you and your students among our participants.

Registration for the conference will be open till February 15, 2022.
